DIGEST OF CURRENT ECONOMIC STATISTICS

No. 121 SEPTEMBER 1969

COMMONWEALTH BUREAU OF CENSUS AND STATISTICS
CANBERRA AUSTRALIA

COMMONWEALTH BUREAU OF CENSUS AND STATISTICS

CANBERRA, AUSTRALIA

DIGEST OF CURRENT ECONOMIC STATISTICS

No. 121 SEPTEMBER 1969

PREPARED UNDER INSTRUCTIONS FROM THE RIGHT HONOURABLE THE TREASURER

BY

K. M. ARCHER

COMMONWEALTH STATISTICIAN

* Also seasonally adjusted.

SEASONALLY ADJUSTED INDICATORS

In the Contents, page two, items containing seasonally adjusted indicators are marked with asterisks.

Details of the methods used in seasonally adjusting these and other series are given in Seasonally Adjusted Indicators 1969, issued by this Bureau on 22 May 1969, which contains original and seasonally adjusted data in tabular and graphical form for eighty-three selected series. The seasonally adjusted indicators included therein are up-dated in relevant monthly and quarterly publications of this Bureau. Information on the seasonal adjustment of National Accounts is contained in the supplement to Quarterly Estimates of National Income and Expenditure No. 30, December Quarter 1967.

As well as being adjusted for normal seasonal factors, some of the statistical series included in the Digest have been adjusted for the effects of some calendar irregularities, namely: 'trading-day' effects (arising from the varying numbers of Sundays, Mondays, Tuesdays, etc., in the month) and the influence of moveable holidays, i.e. Easter and Australia Day. The adjustments made to each series are indicated in Appendix B of Seasonally Adjusted Indicators 1969.

The seasonally adjusted series are subject to revision.
